

How do I delete a part?

1. Right-click on an part and select **Delete...** (you can select multiple parts at once).
2. Click on **Yes** to delete the part from all locations. Click on **No** to delete the part from the selected location only.

Confirm delete

You have select 1 part(s).

Some parts are also visible for other locations.

Do you want to delete this parts also from other locations?

☒ Yes, I am absolutely sure

Yes

No
