

How do I undo a completed task?

1. Go to the module **History**.
2. Select **Assets tasks**.
3. Right-click on the task and select **Mistake**.

Assets tasks		Print	Email			
		Action	Category name	Group		
...	Task done	100 Superstructure	Planned maintenance			
...	Task done	trical Installation >	Turbo Charger			
...	Task done	enerator PS	TC			
...	Task done	nes & propulsion >				
...	Task done	n engines > 210.1...				
...	Task done	400 Electrical Installation >	Turbo Charger			
...	Task done	411.1 Generator PS				
...	Task done	900 Health, Safety &	Planned maintenance			
...	Task done	Environment > 951 CO2...				

4. Confirm the mistake.

5. Click on **Yes**.

For every task only the most recently completed task can be marked as a mistake.

Revision #2
