

How do I change my MXSuite password?

1. Click on your username.

2. Click on **Change password**.

3. Enter your current (old) password and then enter your new password twice.

A screenshot of the 'Change password' dialog box. It has a blue title bar with the text 'Change password' and window control icons. The dialog contains three input fields: 'Old password:', 'New password:', and 'Retype new password:'. Each field has an eye icon to the right for toggling visibility. At the bottom, there are three buttons: 'Save' (blue), 'Save & close' (blue), and 'Close' (white).

4. Click on **Save & close**.
