How do I use Incoterms in my order?

The international Incoterms are used to determine the rights and duties of buyers and sellers during the international transport of goods.

The Incoterm of relevance to the order can be selected or changed at the top right of the order screen.

When an Incoterm is selected for which the transport costs are borne by the customer, MXSuite adds an extra order line to the order on which the order costs are mentioned.

> Using Incoterm **Ex Works**, a line with transport costs is added to the order.
