

# Installation of Internet Information Services (IIS)

To install IIS, at least the following components need to be selected:

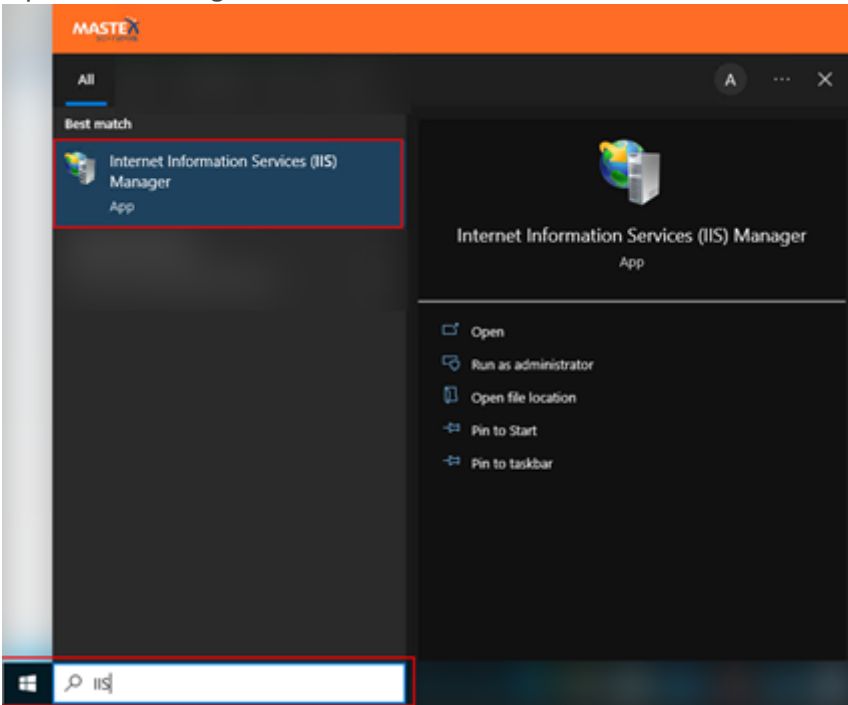

## Extra add-ons

Before MXSuite can be opened via your browser, the IIS add-on **URL Rewrite** must be installed at the IIS server.

To check if URL Rewrite is installed, follow the below steps:

- Open IIS manager.

- Check if URL Rewrite is installed

If the icon is not visible, please download and install URL Rewrite [here](#).
