112	IN	03/11/2022 13:00	Nov 3 2022 1:04PM	58791

Order number:	Synchronisation packages are assigned successive numbers and are only loaded if the number of the synchronisation package follows the number of the previous synchronisation package.
Package Direction	OUT: the package is sent to the other location. IN: the package is received from the other location.
Creation Date:	The date that the synchronisation package was created at the other location. Changes in MXSuite have been processed in the synchronisation package through to this date.
Sent/Received Date:	The synchronisation package was sent from or received at the current location at this time and date. If a synchronisation package is resent by means of the button Export last, the date will be updated.
Size (bytes)	This is the size of the synchronisation package in bytes. If a package is approximately 1200 bytes in size, the package will be empty.
